

# BRANDON MICHAEL

Brandon has spent years honing his craft and sharing his faith through music. With a background in Rock, Metal, and Worship. He has toured extensively and shared the stage with notable acts such as Jeremy Camp, Colton Dixon, Skillet, and Michael W. Smith. His music has been praised for its raw energy, powerful lyrics, and unapologetic message. However, as he grew in his faith, Brandon began to feel a calling to use his gifts in a new way. He transitioned from the rock and metal scene to worship ministry, seeking to create music that would bring people closer to God. This new direction has allowed him to use his talents to write songs that are both meaningful and worshipful, and to lead others in praise and worship. With a heart for serving the Church and a passion for authentic worship, Brandon is now dedicated to creating music that inspires and uplifts, and to using his platform to point others to Jesus.
